

ONIX®

*Mosaic comes etymologically from the word "Muses" because the Romans believed that such exquisite combinations of tesserae could only be created by them.*

How mosaics are

# DESIGNED BY ONIX

## It's Not the How, it's the Why

Hundreds of blends and thousands of tesserae. There are many stories behind it but a unique creative process. Inspiration, concept, technique, design, colour and blending, the 6 unavoidable phases to make mosaic. Maybe a Collection requires more time in one phase than another, but we always follow the same rational process.

However, reason is not determinant for a designer. There is a deeper leitmotiv. With reason we would never develop, in such a short time, the most extensive vitreous mosaic portfolio in the world. We would not have reinvented manufacturing technologies, nor implemented complex techniques for sophisticated finishes, and, of course, we would never have conceived combinations almost impossible to produce. And yet we do... Why?

In your everyday life you experience sensations that leave their mark and you become addicted to them. Moments that provoke such a powerful imprint that it impels you to start a new piece. And although you know that there are too many products, although you know that chaos will rise against technical neatness and challenge the perfection of the concept... You can't pass up the thrill of creating a new beautiful tesserae.

Maybe for that emotional reason, we are Onix.

## No es el Cómo, es el Porqué

Cientos de combinaciones, miles de teselas. Son muchas las historias detrás, pero un único proceso creativo. Inspiración, concepto, técnica, diseño, color y mezcla, las 6 fases ineludibles para hacer mosaico. Puede que en una Colección te detengas más en una que en otra, pero siempre sigues el mismo proceso racional.

Aunque la razón no es determinante para un diseñador. Existe un leitmotiv más profundo. Con la razón nunca desarrollarías, en tan poco tiempo, el porfolio de mosaico vítreo más extenso del mundo. No hubieras reinventado las tecnologías de fabricación, ni implementado complejas técnicas para sofisticados acabados y, por supuesto, jamás hubieras ideado combinaciones tan difíciles de producir. Y pese a todo lo hacemos... ¿Por qué?

En tu día a día vives sensaciones que dejan huella y te conviertes en adicto a ellas. Instantáneas capaces de suscitar una impronta tan poderosa que te impulsa a pintar una nueva pieza. Y aunque sabes que ya son demasiados productos, aunque sabes que el caos se alzaría contra la pulcritud técnica y desafiará la perfección del concepto... Pese a todo, no puedes dejar pasar la emoción de crear esa nueva y hermosa tesela.

Quizá por esa razón emocional, somos ONIX.

*How far does your imagination go?*

# CORE

COLLECTION

Any ONIX® mosaic, whatever its creation process, always has an essence. It begins with a colour, a texture or a finish that acts as a trigger for future blends. But before taking that concept to more sophisticated ways, we try to synthesize the heart of the idea in an elemental and elegant blend.

*Cualquier mosaico ONIX®, sea cual sea su proceso de creación, siempre tiene una esencia. Se parte de un color, una textura o un acabado que actúa de detonante para futuras mezclas. Pero antes de derivar ese concepto hacia caminos más sofisticados, tratamos de sintetizar el corazón de la idea en una mezcla tan elemental como elegante.*

# SOUL

COLLECTION

Everything has a soul. Although not visible, it is always behind every mosaic. Wood, craquelures, cements... Textures inspired by noble materials and contemporary chromaticisms. A collection detached from passing fads that respects the essence of the matter.

*Todo tiene alma. Aunque no se vea, siempre está detrás de cada mosaico. Maderas, craquelados, cementos... Texturas inspiradas en materiales nobles y cromatismos contemporáneos. Una colección alejada de las tendencias pasajeras que respeta la esencia de la materia.*

# AQUASTYLE

COLLECTION

Designs that turn a swimming pool into high-end décor and delight both designers and architects. Avant-garde digital textures, surprising opalescents that recall the waves, blends with bursts of colours or subtle shades, luminescents that glow in the dark... An expression of style for swimming pools.

*Diseños que elevan la piscina al rango de alta decoración y que hacen las delicias de diseñadores y arquitectos. Texturas digitales repletos de vanguardia, opalescentes que sorprenden al vaivén de las aguas, mezclas con estallidos de colores o sutiles tonalidades, luminescentes que brillan en la oscuridad... Una expresión de estilo para las piscinas.*

*Luminiscent Blue*

ONIX

ONIX's luminiscent glass mosaic glows in the dark for hours after being charged with light, both natural or artificial (fluorescent, ultraviolet or halogen). This cycle may be repeated indefinitely.

The glow endurance depends on how long it has been exposed to light and also with the type of light it has been energized with. The luminescent will then gradually fade away after hours in the darkness.

This mosaic is weatherproof so it is suitable for any use: swimming pools, indoors & outdoors, walls, residential floors... It can be used as a plain color or mixed with the rest of ONIX mosaics.

El mosaico vítreo luminiscente brilla en la oscuridad durante horas después de haber estado expuesto a la luz, tanto natural como artificial fluorescente, ultravioleta o halógena. Este proceso puede repetirse indefinidamente.

El tiempo de emisión dependerá del tipo de luz con el que se haya efectuado la carga, así como del tiempo que haya estado cargando el mosaico luminiscente. La intensidad de la emisión es gradual, disminuyendo poco a poco con el paso de las horas.

Este mosaico es resistente a condiciones meteorológicas y, por tanto, apto para cualquier uso: piscinas, interiores y exteriores, paredes, suelos residenciales... Se puede utilizar como base o se puede mezclar con otro producto de ONIX mosaico.

La mosaïque de verre phosphorescente brille dans l'obscurité pendant des heures après avoir été exposée à la lumière tant naturelle qu'artificielle (fluorescents, ultraviolets, halogènes). Cette opération peut être répétée de manière indéfinie.

Le temps d'émission dépendra du type de lumière utilisée mais aussi du temps durant lequel la mosaïque phosphorescente aura été exposée. Le temps d'émission est gradué et diminuera peu à peu au fil des heures.

Cette mosaïque est résistante aux conditions météorologiques. Elle peut donc être utilisée dans n'importe quelle application: piscines, intérieurs et extérieurs, murs, sols résidentiels... Elle peut être posée seule ou en mélange avec d'autres références d'ONIX mosaico.

# WATER COLOR CHART

 ADVISE / AVISO / REMARQUES:

The images displayed are approximate simulations and ONIX cannot guarantee that the color of the water will have the exact same resemblance. Several factors vary the tone of swimming pools after installation like weather conditions, amount of direct sunlight, time of day, depth of the pool, color of the grout applied, surroundings, geo location with respect to the hemisphere...

ONIX no puede garantizar la exactitud del color del agua, es una simulación aproximada. Hay muchos factores que pueden variar el tono: incidencia del sol y nubes, hora del día, profundidad de la piscina, el color de la junta, ubicación respecto al hemisferio...

Ces photos sont des simulations, Onix ne peut pas garantir l'exactitude de la couleur de l'eau présentée. Plusieurs facteurs peuvent en effet influencer sur la nuance de la couleur comme par exemple: l'ensoleillement, les nuages, l'heure du jour, la localisation par rapport à l'hémisphère, la profondeur de la piscine, l'environnement de la piscine, la couleur du joint utilisé...

# CUSTOM

DESIGN

A decor is a blank canvas. Imagination has no limits. Neither do our solutions. Each designer has his own vision and that is why we have different techniques that can add personality to the space.

*Un decorado, un lienzo en blanco. La imaginación no tiene límites y nuestras soluciones tampoco. Cada diseñador tiene su propia visión y por eso contamos con diversas técnicas que, por sí solas o combinándolas, pueden aportar personalidad al espacio.*

How mosaics are

# CRAFTED BY ARTISTS

## THE TOOLS OF THE MOSAIC ART

### **Our designers consider 4 points when they create a Mosaic decoration.**

#### Technique

The high definition of digital printing, the originality of the pixel technique or the skills of the master mosaicist with the artistic mosaic.

#### Finish

Textures, reliefs, glossy, matt... A palette of finishes for sophisticated effects.

#### Color

Endless colors and subtle shades. Our wide range fits any space.

#### Mosaic

Luminescent, opalized and opalescent, matte... The base material changes everything.

### **Nuestros diseñadores consideran 4 puntos a la hora de crear decorados.**

#### Técnica

La alta definición de la impresión digital, la originalidad de la técnica pixel o la propia habilidad del maestro mosaquero en el mosaico artístico.

#### Acabado

Texturas, relieves, brillos, mates... Jugando con los acabados se generan sofisticados efectos.

#### Color

Infinidad de colores y sutileza de tonos. Nuestra amplia gama permite adaptarse a cualquier espacio.

#### Mosaico

Luminiscentes, opalizadas y opalescentes, matificadas... La elección del material base lo cambia todo.

### **Nos désignateurs considèrent 4 points lors de la création de décors.**

#### Technique

La haute définition de l'impression digitale, l'originalité de la technique du pixel ou l'habilité du maître mosaïste dans la mosaïque artistique.

#### Finition

Textures, reliefs, brillants, mats... Une palette de finitions pour des effets sophistiqués.

#### Couleur

Couleurs infinies et nuances subtiles. Notre large gamme s'adapte à tous les espaces.

#### Mosaïque

Luminescente, opalisée et opalescente, mate... Le matériel de base change tout.

# DIGITAL PRINT

ONIX

**It is a digital printing system that reproduces any image or vector file on glass mosaic.**

**Process**

- Send a photo or a similar reference image.
- Choose the base material.
- Send the space's dimensions.
- The decor is provided in numbered meshes (311mm x 311mm) together with an installation drawing.

**Specifications**

- Digital image in JPEG or TIFF extension, with a 300 dpi resolution.
- Vector file in EPS or AI format.

**Note**

- The size of the decor is subject to the image quality.
- If the image does not have the appropriate resolution, ONIX will suggest a similar alternative image.
- ONIX may submit a different estimate for very complex designs.

**Es un sistema de impresión digital que reproduce sobre mosaico vítreo cualquier imagen o archivo vectorial.**

**Proceso**

- Envía tu propia fotografía o una imagen referencia similar.
- Elige el material base.
- Dinos el tamaño del decorado.
- El decorado se sirve en mallas numeradas (311x311 mm) junto con un plano de montaje.

**Requisitos**

- Imagen digital en formato JPEG o TIFF, con una resolución de 300 ppp
- Archivo vectorial en formato EPS o AI.

**Consideraciones**

- La calidad de la imagen condiciona el tamaño del decorado.
- Si la imagen no tiene la resolución adecuada, ONIX propondrá una imagen alternativa similar.
- Para propuestas muy elaboradas, ONIX podrá presupuestar el diseño aparte.

**C'est un système d'impression digitale qui reproduit les images ou fichiers vectoriels sur la mosaïque en verre.**

**Processus**

- Envoyez une photo ou une image de référence similaire.
- Choisissez le matériau de base.
- Envoyez les dimensions de l'espace.
- Le décor est fourni en mailles numérotées (311mm x 311mm) avec un plan de montage.

**Conditions**

- Image numérique dans un format JPEG ou TIFF, avec une résolution de 300 ppp.
- Format de fichier vectoriel EPS ou AI.

**Remarque**

- La qualité de l'image conditionne les dimensions du décor.
- Si l'image n'a pas la résolution appropriée, ONIX proposera une image alternative similaire.
- ONIX peut soumettre un devis séparé pour des designs très complexes.

# PIXEL ART

ONIX

**Each tile is a pixel.  
We transform a design or image into a mosaic with 25x25 pieces. Reproduce logos, transform images and create geometries, borders, patterns...**

#### Process

- Give us a detailed description of your idea with a reference image.
- Submit your own design if you have it.
- Choose the materials (colors and textures).
- Send the space's dimensions.
- The decor is provided in numbered meshes (311mm x 311mm) together with an installation drawing.

#### Specifications

- Detailed information.
- Reference image with a good definition of lines and colors.
- Vector file in EPS or AI format.

#### Note

- The more detail is required, the bigger the decor should be.
- You have to stand at a certain distance to better appreciate the decor.
- The colors and lines of the image must be perfectly defined.

**Cada tesela, un pixel.  
Transformamos un diseño o imagen en un mosaico con piezas 25x25. Reproduce logotipos, transforma imágenes, crea geometrías, cenefas, patrones...**

#### Proceso

- Explica bien tu idea con una imagen referencia.
- Envía tu propio diseño, si lo has desarrollado.
- Elige los materiales (colores y texturas).
- Dinos el tamaño del decorado.
- El decorado se sirve en mallas numeradas (311x311 mm) junto con un plano de montaje.

#### Requisitos

- Información detallada.
- Imagen de referencia con cierta definición en líneas y colores.
- Archivo vectorial en formato EPS o AI.

#### Consideraciones

- Cuanto más detalle se requiera, más grande debe ser el decorado.
- Para ver correctamente el decorado, hay que ponerse a una distancia adecuada.
- Los colores y líneas de la imagen deben estar perfectamente definidos.

**Chaque tuile est un pixel.  
Nous transformons un design ou une image en une mosaïque de 25x25 pièces. Reproduisez des logos, transformez des images, créez des géométries, des frises, des motifs...**

#### Processus

- Envoyez une description détaillée de votre idée avec une image de référence.
- Envoyez votre propre design si vous l'avez.
- Choisissez les matériaux (couleurs et textures).
- Envoyez les dimensions de l'espace.
- Le décor est fourni en mailles numérotées (311mm x 311mm) avec un plan de montage.

#### Conditions

- Informations détaillées.
- Image de référence avec une bonne définition des lignes et des couleurs.
- Format de fichier vectoriel EPS ou AI.

#### Remarque

- Plus le détail est important, plus le décor doit être grand.
- Vous devez vous tenir à une certaine distance pour mieux apprécier le décor.
- Les couleurs et les lignes de l'image doivent être parfaitement définies.

# ARTISTIC MOSAIC

ONIX

**A craft technique of master mosaicists. Hand-cut tiles for highly detailed decors.**

**Process**

- Give us a detailed description of your idea with a reference image.
- Submit your own design if you have it.
- Send the space's dimensions.
- The decor is provided in numbered meshes (311mm x 311mm) together with an installation drawing.

**Specifications**

- Detailed information.
- Reference image with a good definition of lines and colors.
- Vector file in EPS or AI format.

**Note**

- The more detail is required, the bigger the decor should be.
- You have to stand at a certain distance to better appreciate the decor.

**Una técnica artesanal de los maestros mosaíqueros. Fichas cortadas se crean decorados con increíble detalle.**

**Proceso**

- Explica bien tu idea con una imagen referencia.
- Envía tu propio diseño, si lo has desarrollado.
- Dinos el tamaño del decorado.
- El decorado se sirve en mallas numeradas (311x311 mm) junto con un plano de montaje.

**Requisitos**

- Información detallada.
- Imagen de referencia con una mínima definición en líneas y colores.
- Diseño archivo vectorial en formato EPS o AI.

**Consideraciones**

- Cuanto más detalle se requiera, más grande debe ser el decorado.
- Para ver correctamente el decorado, hay que ponerse a una distancia adecuada.

**Une technique artisanale des maîtres mosaïstes. Des carreaux taillés à la main pour des décors très détaillés.**

**Processus**

- Envoyez une description détaillée de votre idée avec une image de référence.
- Envoyez votre propre design si vous l'avez.
- Envoyez les dimensions de l'espace.
- Le décor est fourni en mailles numérotées (311mm x 311mm) avec un plan de montage.

**Conditions**

- Informations détaillées.
- Image de référence avec une bonne définition des lignes et des couleurs.
- Format de fichier vectoriel EPS ou AI.

**Remarque**

- Plus le détail est important, plus le décor doit être grand.
- Vous devez vous tenir à une certaine distance pour mieux apprécier le décor.

# PROJECTS

Our mission is to inspire designers in the creation of singular and luxurious spaces. We are delighted to work side by side with our customers because it implies defying imagination in order to develop original solutions to their projects.

*Nuestra vocación es inspirar a arquitectos y diseñadores en la creación de lugares singulares y desafiar constantemente su imaginación para concebir soluciones personalizadas al estilo de sus proyectos.*

How mosaics are

# REIMAGINED BY YOU

## *PROJECTS THAT MOVE US*

**We are specialized in  
Contract: Commercial, Residential,  
hospitality as well as landscaping  
projects including pools.**

Over the last years we have supplied  
imagination and mosaic products for  
premium design projects worldwide:  
Hard Rock Cafe, Miraggio, AOL  
Hedquarters. Westgate, Ritz Carlton,  
Hilton, Marriott, Melia, Iberostar...

---

**Retamos la imaginación  
de los profesionales más exigentes en  
todo tipo de espacios: comerciales,  
residenciales, piscinas...**

En los últimos años la compañía ha  
suministrado imaginación y mosaico a  
proyectos premium de todo el mundo:  
Hard Rock Cafe, Miraggio, AOL  
Hedquarters. Westgate, Ritz Carlton,  
Hilton, Marriott, Melia, Iberostar...

---

**Nous défions l'imagination des  
professionnels les plus exigeants  
dans toute sorte d'espaces:  
commerciaux, résidentiels, piscines...**

Ces dernières années ONIX a doté  
d'imagination et de mosaïques des  
projets charismatiques du monde entier.  
Hard Rock Cafe, Miraggio, AOL  
Hedquarters. Westgate, Ritz Carlton,  
Hilton, Marriott, Melia, Iberostar...

# TECHNICAL

Some things only happen when creativity and technique meet. We constantly try to develop manufacturing systems and technologies (digital printing, textures, presses, metals, reliefs, gold, lustres ...) to meet our aesthetic expectations. Technical expertise at the service of creativity. This is how we see innovation.

*Hay cosas que sólo suceden cuando la creatividad y la técnica se encuentran. Constantemente tratamos de evolucionar los sistemas de fabricación y tecnologías (digital, texturas, prensas, metálicos, relieves, oros, lustres...) que lograrán colmar nuestras expectativas estéticas. La maestría técnica al servicio de la creatividad. Así es cómo vemos la innovación.*

# INSTALLATION GUIDE

ONIX glass Mosaics can be installed on interior and exterior areas and in wet and dry locations. Please refer to the Suitability area product guide and composition and check if the mosaic is suitable for the required application.

Glass tiles should not be exposed to high abrasion and high impact and or installed over flexible surfaces. Breakages or cracks are very noticeable in glass tiles so the use of a crack suppression membrane is recommended when mosaics are installed over a mortar bed but note that this is not applicable if mosaics are used as an accent. Some substrates could continue to cure and shrink and a crack suppression membrane prevents shrinkage to affect the mosaic tiles. Install only over well-cured, stable substrates. Expansion joint are recommended when substrates change.

## Adhesives:

Use of white thin set mortar adhesives is recommended. C2 as per EN 12004 norm or two component flexible acrylic or epoxy adhesives.

Note that some glass mosaics may contain resins in the composition so when using a C2 adhesive make sure that it does not affect the resins and it is safe for glass mosaics containing resins.

For pool and submerged installations check with adhesive manufacturers if additional steps or procedures are required.

## Grouting:

In order not to scratch the surface of the mosaics, non sanded grout is the recommended option. RG type and Epoxy grouts are the recommended options for installations. Float the grout into the joints to avoid scratching the surface of the mosaics.

Special care and attention must be followed with the metallic and precious metals finishes to avoid scratches. Please refer to the Suitability area product guide composition and to the Tips for precious metals section and check if the mosaic selected contains these products.

## Cutting and Drilling

Ceramic tiles cutting blades are not recommended for glass. Always use diamond blades designed for cutting glass on a wet saw. For drilling use of use a coring drill that is designed for glass

## Cleaning

Use of non-abrasive cleaning products is recommended

**Important note:** All ONIX 98 % recycled glass mosaics series are made of molten glass. Molten glass characteristics may include irregular edges and small variations in size. These characteristics are inherent to the product and to the standard production. The small size and shape variations can affect the grout joint appearance and enhance the natural aspect of these products.

El mosaico vítreo ONIX puede ser instalado en paredes interiores o exteriores, en zonas secas o húmedas. Por favor consultar la Guía de productos y áreas de aplicación para comprobar si el producto es el adecuado para la aplicación. El mosaico vítreo no debe ser expuesto a grandes abrasiones, grandes impactos o choques térmicos o instalarse sobre superficies flexibles.

Las grietas en mosaicos son muy visibles por lo que se recomienda la utilización de membranas antigrietas cuando se instale sobre un lecho de mortero a no ser que se utilice como cenefa. Algunos sustratos pueden continuar secándose y contraerse a lo largo del tiempo y una membrana antigrietas prevendría que traslade al mosaico la contracción o el movimiento del sustrato. Instalar solo sobre sustratos bien secos y estables e instalar una junta de expansión cuando haya cambios de sustrato.

## Adhesivos:

Usar un mortero blanco de capa fina C2 de normativa EN 12004 o un sistema bicomponente de flexible acrílico o epóxico formulado par la instalación de mosaico vítreo en paredes tanto de interior como de exterior.

Algunos mosaicos vítreos pueden contener resinas por lo que se cuando se utilice in C2 se necesita comprobar que este no afecte a las resinas.

Para instalaciones en piscinas o sumergidas comprobar con el fabricante de adhesivos si algunos pasos o materiales adicionales pueden ser requeridos.

## Rejuntado:

Utilizar junta sin arena con mosaico vítreo para evitar el rayado de la superficie. Juntas RG o Epóxicas son las recomendadas. Cuidadosamente rellenar las juntas y evitar el rallar la superficie del mosaico.

Especial atención se debe tener con los materiales que contienen acabados metálicos y metales preciosos como oro. Por favor consultar la Guía de productos y áreas de aplicación y los Consejos para metales preciosos y comprobar si el mosaico elegido los contiene y seguir las instrucciones para evitar rayados y otros problemas.

## Cortes y perforaciones:

Los cortadores o perforadores diseñados para la cerámica no están indicados para el mosaico vítreo. Para cortar utilice un disco de diamante en mojado, el disco para cortar mosaico es un disco fino con diamantes más pequeños que un disco para cortar cerámica. Para perforar un agujero use una broca que esté diseñada para cristal.

## Limpieza.

Utilice un compuesto de limpieza no abrasivo recomendado tanto para mosaico como para cerámica.

**Nota especial:** Las series de ONIX de 98% de vidrio reciclado están hechas con cristal molido y fundido. Las características del cristal fundido incluyen algunos bordes irregulares y pequeñas variaciones en el tamaño. Estas características son inherentes al producto y a la producción estándar. Las variaciones en forma y aspecto tienen un pequeño impacto en la apariencia final del producto rejuntado e intensifican el aspecto natural de estas series.

La mosaïque de verre ONIX peut être posée en murs intérieurs et extérieurs, en zone sèches et humides. Veuillez consulter notre Guide de produits et zones d’applications pour vérifier si le produit est adéquat pour l’application voulue. La mosaïque de verre ne doit pas être exposée à de grandes abrasions, de grands impacts ou d’importants chocs thermiques ou ne peut être posée sur des surfaces flexibles.

Les fissures sont très visibles sur la mosaïque. Nous recommandons donc l’utilisation d’une membrane anti-fissures quand la mosaïque doit être posée sur un lit de mortier sauf quand elle est utilisée en frise. Certains substrats pourraient continuer à sécher et à se rétracter avec le temps et la membrane anti-fissures empêcherait que l’action de contraction et de mouvement affecte la mosaïque. Poser seulement sur des substrats secs et stables et faire un joint d’expansion quand il y a un changement de substrats.

## Adhésifs:

Utiliser un mortier blanc de couche fine type C2 selon la norme EN 12004 ou un système bicomposant de flexibles acryliques ou epoxy de couleur blanche prévu pour la pose de mosaïques sur murs tant à l’intérieur qu’à l’extérieur.

Certaines mosaïques de verre peuvent contenir des résines dans leur composition. Lors de l’utilisation d’un mortier C2, veuillez vous assurer que celui-ci n’affectera pas les résines et la mosaïque.

Pour une pose en piscines ou submergée, veuillez vérifier auprès du fabricant d’adhésifs qu’aucune action ou matériels additionnels sont nécessaires.

## Joints:

Utiliser un joint sans grain pour éviter les rayures de la superficie. Les joints RG ou epoxy sont les joints recommandés. Remplir soigneusement les joints en évitant toutes rayures

Une extrême précaution est recommandée dans la manipulation de matériels aux finitions métalliques ou contenant des métaux précieux comme l’or. Veuillez consulter notre Guide de produits et zones d’applications et les conseils pour métaux précieux pour vérifier si la mosaïque choisie en contient et suivez les instructions pour éviter les rayures et autres problèmes.

## Coupes et perforations:

Les coupeuses et perforateurs pour céramiques ne sont pas indiqués pour la mosaïque de verre. Pour couper, utiliser un disque de diamant à eau, le disque pour couper la mosaïque étant un disque fin à diamants plus petit que celui utiliser dans la céramique. Pour percer un trou utiliser un foret spécial verre

## Nettoyage.

Utiliser un produit de nettoyage non abrasif recommandé tant pour la mosaïque que pour la céramique

**NB:** Les séries d’ONIX de 98% de verre recyclé sont fabriquées avec du verre broyé et fondu. Les caractéristiques de ce verre incluent donc des bords irréguliers et des petites variations dans la taille de la mosaïque. Ces caractéristiques sont inhérentes au produit et à la production standard. Les variations en forme et aspect ont un impact sur l’apparence final du produit rejointé et intensifient l’aspect naturel de ces séries.

# TIPS FOR PRECIOUS METALS & RESINS

## CAUTION VALUABLE METALS

Pieces decorate with a special application. Handle with care. Improper manipulation (scratching) and the use of abrasive detergents may cause damage on the pieces.

When fixing, pay special care when cleaning the white cement used for grouting.

It is recommended to use small grain grouting material avoid scratching the glazed surface. Clean after fixed with a very wet rag or with a sponge while the grout is still wet. Never use neither abrasive or corrosive elements, nor aggressive cleaning agents too basic or excessively acid.

Should pieces present defects, do not lay them, contact the supplier straight away. No claim will be accepted once the product is laid out.

Thank you for your co-operation.

The gold and platinum metals that are used in our decorations, have been widely checked in the domestic use, bearing in mind the described recommendations for their cleaning.

If it is preferred to use them in industrial areas, then, every single case ought to be evaluated to verify its viability.

In spa and public swimming pool areas where there is a continuous high humidity concentration on the walls, due to water evaporation, salts and/or chlorine (bleach), THEIR USE IS NOT RECOMMENDED.

## PRECAUCIÓN METALES PRECIOSOS

Los materiales contenidos están decorados con una aplicación especial. Tratar con cuidado.

La manipulación indebida (rayados y rozaduras) y la utilización indebida de detergentes abrasivos pueden causar daños a las piezas.

A la hora de colocar, tener especial cuidado al limpiar el cemento blanco que se utiliza para rejuntar. Se recomienda utilizar rejuntas de granulometría fina que no rayen los esmaltes.

Limpiar con una bayeta húmeda o una esponja con abundante agua cuando el rejunte aun este húmedo. No utilizar nunca elemntos abrasivos ni corrosivos, ni agentes agresivos de limpieza demasiado básicos o excesivamente ácidos.

Si alguna pieza presenta algun defecto, no colocar y comunicar a su proveedor. No se aceptara ninguna reclamación una vez colocado el producto.

Gracias por su colaboración.

El oro y el platino utilizado en nuestras decoraciones estan ampliamente contrastados en uso domestico con las reclamaciones descritas sobre su limpieza.

Si se desea una utilización en ambientes industriales, se debera evaluar en cada caso su conveniencia.

En Spa o piscinas públicas en donde se una continua concentración de humedad en las paredes, por evaporación de agua, sales y/o cloro (lejía) ES DESACONSEJABLE SU UTILIZACIÓN.

## PRECAUTION MÉTAUX PRÉCIEUX

Ces matériels sont décorés avec une application spéciale. Manipuler avec précaution.

La manipulation indue (rayures et éraflures) el l’utilisation de détergent abrasif peuvent occasionner des dommages sur les pièces.

Lors de la pose, il faut faire spécialement attention quand vous nettoyez l’enduit ciment blanc utilisé pour jointer. Il est conseillé d’employer de l’enduit-joint, de petite granulation afin d’éviter le rayage de la surface émaillée. Nettoyer avec, un chiffon humide ou une éponge avec de l’eau quand le ciment est encore humide.

N’employez jamais ni d’éléments abrasifs ou corrosifs, ni des produits d’entretien trop basiquesou excessivement acides.

Si l’une des pièces a un défaut, ne pas la poser et le communiquer à votre fournisseur. Aucune réclamation ne sera acceptée une fois le produit posé.

Nous vous remercions de votre collaboration.

Les métaux d’or et platine qui sont employés dans nos décorations, ont été largement contrôlés dans l’usage domestique, tout en tenant compte les recommandations pour leur nettoyage.

Lors d’un usage en endroits industriels, veuillez considérer leur convenance au cas par cas.

Dans des balnéaires ou des piscines publiques ou l’on produit une concentration continue d’humidité dans les murs a cause de l’évaporation d’eau, sels et/ou chlore (lessive), LEUR EMPLOI EST TOUT À FAIT DÉCONSEILLÉ.

## DOTS / PUNTOS / POINTS

- The dot backing system allows up to 93% of surface free for the adhesive.  
- The size of 12x18 tesserae and the ease of installation allows up to a 27% time saving during the installation.  
- The dot backing is damp proof, so it can be stored outside and it will remain unaltered.

- El soporte por puntos deja libre hasta el 93% de la superficie para adhesivo.  
- El mayor tamaño de 12x18 teselas y la facilidad de colocación de las láminas permite un ahorro del 27% del tiempo durante la instalación.  
- Este sistema por puntos es insensible a la humedad. Es posible almacenarlo en el exterior permaneciendo inalterable.

- Le système de montage sur points laisse jusqu’à 93% de surface libre pour l’adhésion du ciment colle.  
- La dimension des plaques (12 x 18) permet un gain de temps de 27% durant la pose.  
- Ce système ne craint pas l’humidité. Le matériel peut donc être stocké à l’extérieur sans que celui-ci ne subisse aucunes altérations.

# MOSAIC LAYING ADVICE

## COLLECTIONS

### PREPARATION OF THE BASE

The base on which the laying will be effected, must be perfectly smooth, uniform and white.

A different colour damages the aesthetic look of the final result.

### THE GLUEING OPERATION

White C2 glue, as per EN12004, must be used.

By using the smooth side of the trowel, the glue has to be spread out uniformly on the base (2 sq.m. approximately).

By using the jagged side of the trowel (2 or 3 mm.), comb the glue.

### THE LAYING OF MOSAIC TILES

Adhere the sheet to the surface by pressing with a rubber trowel.

It is important to make sure that the distance between one sheet and another is the same as the one among the tesseras so that all the joints look alike.

We suggest to join the sheets when it comes to laying.

### GROUTING

Joints must be clean, dry and free from dust.

The remains of adhesive, after laying, must be removed while it is still fresh.

Use grouting paste, **RG type, as per EN 13888**, spread it out with a rubber trowel.

### CLEANING

Let it dry until the paste gets brightless, superficially, and then proceed to clean it with a sponge soaked in water.

Once it gets dry, remove it with a dry cloth.

### PREPARACIÓN SOPORTE

El soporte sobre el cual se efectuará la colocación deberá estar perfectamente liso, uniforme y blanco.

Un color diferente perjudica la estética del resultado final.

### OPERACIÓN ENCOLADO

Usar cemento cola tipo C2 color blanco, según EN 12004.

Usando el lado liso de la llana extender el adhesivo uniformemente sobre el soporte (aprox. 2 m<sup>2</sup>).

Con el lado dentado de la llana (2 ó 3 mm.) peinar el cemento cola.

### COLOCACIÓN MOSAICO

Adherir la hoja a la superficie presionando con una llanta de goma.

Es importante asegurarse que la distancia entre hoja y hoja es igual a la que hay entre las teselas para que todas las juntas sean iguales entre sí.

Aconsejamos trabar las hojas a la hora de su colocación.

### REJUNTADO

Las juntas deben estar limpias, secas y exentas de polvo.

El adhesivo sobrante de la colocación se debe eliminar cuando esté todavía fresco.

Utilizar pasta de rejuntar **tipo RG según EN 13888**, extendiéndolo con una llana de goma.

### LIMPIEZA

Dejar secar hasta que la masa pierda el brillo superficial y proceder a su limpieza con una esponja humedecida en agua.

Una vez seco eliminar con un trapo seco.

### PRÉPARATION DE LA SURFACE

La surface sur laquelle on va effectuer la pose, doit être parfaitement lisse, uniforme et blanche.

Une couleur différente nuit l'aspect esthétique du résultat final.

### OPÉRATION D'ENCOLLAGE

Employer adhésif du type C2 de couleur blanche, d'après EN12004.

Tout en employant le côté lisse de la truelle, l'adhésif doit être étendu uniformément sur la surface (2 m<sup>2</sup> approximativement).

Tout en employant le côté denté de la truelle (2 ou 3 mm.), peigner l'adhésif.

### LA POSE DE LA MOSAÏQUE

Adhérer la feuille à la surface tout en pressant avec une truelle en caoutchouc.

C'est important de s'assurer que la distance entre feuille et feuille est identique à celle entre les tesselles, de façon à ce que tous les joints soient égaux entre eux.

Nous conseillons une pose des plaques en quinconce.

### REPLISSAGE DES JOINTS

Les joints doivent être propres, secs et sans poussière.

L'adhésif qui reste après la pose doit être éliminé lorsqu'il est encore frais.

Employer pâte de remplissage du **type RG d'après EN13888**, tout en l'étendant avec une truelle en caoutchouc.

### NETTOYAGE

Laisser sécher jusqu'à ce que la pâte de remplissage perde son éclat superficiel et procéder à son nettoyage avec une éponge mouillée d'eau.

Une fois tout devient sec remuer avec un chiffon sec.

## SHADING BLENDS

Shading Blends are composed of several mixtures from the lightest to darkest.

They are sold by module, 1 module = 8 sheets, (1 sheet per level from 1 to 8).

Besides, 1 and 8 levels can be sold separately to complete floor, wall or roof.

They are two different sizes of degrados depending on the support:

- Mesh support: 1 module: 2488 x 311 mm (0.77m<sup>2</sup> / 8.28 sqft)
- PVC support: 1 module: 2488x467 mm ( 1.16 m<sup>2</sup>/ 12.5 sqft)

Los degradados están compuestos por mezclas que van desde la más clara a la más oscura.

Se venden por modulo, 1 modulo = 8 laminas ( 1 lamina por nivel del 1 al 8).

Además, los niveles n° 1 y n° 8, se venden separadamente para complementar en pavimento, revestimiento o techo.

Destacar dos medidas de degradados según soporte del degradado:

- Soporte Malla: 1 modulo: 2488 x 311 mm ( 0.77m<sup>2</sup> / 8.28 sqft)
- Soporte PVC: 1 modulo: 2488x467 mm ( 1.16 m<sup>2</sup>/ 12.5 sqft)

Les dégradés sont composés de mélanges qui vont du plus clairs au plus foncés.

Ils se vendent par modules, 1 module = 8 plaques, ( 1 plaque par niveau du 1 au 8).

De plus, les niveaux 1 et 8 se vendent aussi séparément pour compléter sols, murs et plafonds.

Nous soulignons deux dimensions de dégradés suivant le support :

- support filet : 1 module :2488 x 311 mm ( 0.77m<sup>2</sup> / 8.28 sqft)
- support PVC: 1 module : 2488x467 mm ( 1.16 m<sup>2</sup>/ 12.5 sqft)

### APLICACIÓN EN BAÑO (EJEMPLO)

Use in bathroom (example)

Emploi en salle de bain (exemple)

### APLICACIÓN EN PISCINAS (EJEMPLO) / Use in swimming pool (example) / Emploi en piscine (exemple)

Module = 8 sheets  
1 módulo = 8 láminas

## IMPORTANT ADVISE

### PENTA GLASS MOSAIC:

This Artisan-edge glass mosaic is made with recycled glass pieces and may include irregular edges, rustic appearances, minimal imperfections or slight variations in sizing and squareness. These characteristics are inherent to this product due to the manufacturing process. The slight size or shape variations may affect the grout joint appearance, further enhancing the natural aspect of this product. Use constitutes acceptance.

El aspecto artesanal del mosaico vítreo en formato PENTA es una cualidad inherente en estos productos por el proceso de fabricación. Las teselas podrían incluir ciertas irregularidades y mínimas imperfecciones en el tamaño aportando cierta apariencia rústica más alejada de la perfección cuadrículada. Además la reducción de tamaño y variaciones de tono pueden afectar al aspecto del rejunte y modificar la apariencia natural de estos mosaicos. El uso constituye aceptación de esta advertencia.

### ONIX GLASS MOSAIC:

All ONIX 98 % recycled glass mosaics series are made of molten glass. Molten glass characteristics may include irregular edges and small variations in size. These characteristics are inherent to the product and to the standard production. The small size and shape variations can affect the grout joint appearance and enhance the natural aspect of these products. Use constitutes acceptance.

Todas las series ONIX con un 98% de vidrio reciclado están hechas con vidrio molido. Esta materia posee unas características particulares que podría ocasionar ligeras irregularidades y variaciones de tamaño en las fichas. Es una cualidad inherente al producto y a la producción estándar. La reducción de tamaño y variaciones de tono pueden afectar al aspecto del rejunte y modificar la apariencia natural de estos mosaicos. El uso constituye aceptación de esta advertencia.

# IMAGINED & MADE IN SPAIN

ONIX®, founded in 1999 in Onda (Spain), is a world leading glass mosaic company. Within a few years, the company is the Europe's largest producer, has had sales presence in more than 100 countries, developed a wide variety of projects around the world and participated in the main international exhibitions.

The continuous aesthetic search combined with a significant technological potential have positioned this prestigious spanish factory as the benchmark in the world of décor.

---

ONIX®, fundada en 1999 en Onda (España), es líder mundial en mosaico vítreo. En tan sólo unos años, es el mayor fabricante de mosaico vítreo de Europa, tiene presencia comercial en más de 100 países, realiza infinidad de proyectos por todo el mundo y participa en las principales ferias internacionales.

Su incesante búsqueda estética, sumada a su enorme potencial tecnológico, han posicionado esta prestigiosa firma española como un referente en el universo de la decoración.

---

ONIX®, une entreprise fondée en 1999 et située à Onda (Espagne), est leader mondial de mosaïque de verre. En quelques années, l'entreprise a réussi à conforter sa présence commerciale dans plus de 100 pays en développant notamment de nombreux projets à travers le monde et en participant aux principaux salons internationaux.

ONIX® est le premier fabricant de mosaïque en verre en Europe. Sa recherche constante de l'esthétique et son énorme potentiel technologique ont fait de cette prestigieuse marque espagnole une référence dans l'univers de la décoration.
